

PRESIDENT H. K. TAYLOR, OF KENTUCKY-WESLEYAN COLLEGE, HAS RESIGNED AS HEAD OF INSTITUTION

Resignation Of Well Known Educator Has Been Accepted By The Board Of Education—Universal Regret At Action Is Expressed By The Citizens Of Winchester And Clark County—Other Professors Are Said To Be Preparing To Leave College.

Editor of the News:—As you and others in the community have asked me whether I have resigned the Presidency of Kentucky Wesleyan College, I take this means of answering all inquiries by saying that I have done so and that my resignation has been accepted, as I have been told by a member, though not officially notified. I think it is also due those who are interested to say that this resignation is due entirely to the fact that I could not accept a salary less by \$100 than the one I shall receive this year.

Very truly,
H. K. TAYLOR.

President Taylor has resigned. The resignation has been accepted by the Board of Education of Kentucky Wesleyan College.

There was universal regret expressed by the citizens of Winchester and Clark county when this news spread Saturday morning. And not a citizen but hoped that some way would be found to bring the Board of Education and President Taylor together again.

Here Three Years.

President Taylor has been at the head of Kentucky Wesleyan for about three years. During that time, he has made for himself an enviable place in this community. He has come to be regarded as one of the leading men of the city. And he has extended the influence of Kentucky Wesleyan all over the State.

It is felt by all that a grave mistake will be made by the Board of Education and an irreparable injury done the college unless some means may be found to get President Taylor to withdraw the resignation.

Came From Louisville.

President Taylor came here about three years ago from Louisville where he was the principal of the Louisville Training School. He made a considerable pecuniary sacrifice to take up his present work. He has worked here at a financial loss to himself ever since he came.

The professor refused absolutely to be interviewed and stated to the reporter for The News that all he had to say at present, was confined to his signed statement which appears at the head of this column.

Income Doubled.

During his incumbency the college income from the students has more than doubled. Three years ago it was \$2,200 a year; now it is over \$5,000.

The number of students in Clark Hall—the dormitory, has more than tripled—from 15 to 18 to over 60. Every room is now taken, some are boarding outside, and applicants are in file in the office now for places.

Discipline Has Improved.

The entire tone of the college has changed. The discipline is far superior to what it has ever been before. The spirit among the student body is loyal to the institute and good in the extreme.

The Board of Education has insisted on cutting the salary of President Taylor to \$100 less than this year, although the income this year will exceed last year's by over \$700. During this administration the salaries of many members of the faculty have been increased from \$100 to \$300 a year and no single one has been reduced.

Broom Factory.

Under President Taylor a broom factory has been installed, representing an investment of approximately \$3,000, and a demonstration has been made this year that it can be run at a profit and supply work to needy young men. About \$500 has been put in the Athletic Field which has added at least \$1,000 to the value of the campus.

Course of Study.

Two additional professors have been added to the faculty and two new departments established—English and History, and Elocution and Oratory. Formerly one man taught all branches of the department of science, chemistry, geology, astronomy, biology, physics, moral and mental philosophy and English.

Now Prof. Hedges in English and History gives a course comparing favorably with any college in Kentucky and large classes in elocution and public speaking attend Prof. Dalgaty's course.

There is now on the roll between 180 and 190 students. The curriculum of the college has been raised and represents now at least two more year's advanced work until the college is now on a par with any other.

More Resignations.

There is a rumor in the city that there are four other resignations from members of the faculty are in the air; but inquiry at the college could not verify this fact.

Board of Education.

It was impossible for The News to get in communication with Mr. Dearing, chairman of the Board of Education, as he was not in Lexington Saturday and Rev. Mr. Mann, a member of the Board showed much disinclination to an interview. He said that he was not prepared to speak for the Board, that there had been some differences of opinion between President Taylor and the Board of Education, but that these had all been threshed out and simmered down to the single question of salary. The Board felt that \$2,400 a year was a good salary and that they could not

afford to pay more. In his opinion, the action on the resignation was a final one.

Following are some expressions of opinion on the resignation from a few of Clark county's leading citizens:

Prof. John L. Bosley.

Prof. John L. Bosley: The loss of President Taylor to Kentucky Wesleyan, Winchester and Clark county at this time would be a signal calamity. During two years I have had opportunity to observe closely his methods and the results. He is unquestionably one of the most efficient and effective men connected with education in Kentucky. His influence for "masculine Christianity," for broad culture and civic righteousness extends not only to the college but the entire community.

"If President Taylor's resignation is due, as is announced, to a matter of salary, I have this observation to make. Such men cannot be overpaid. He is now in the zenith of his usefulness. If he is ever to lay up a penny for a rainy day, it must be now. I sincerely hope that an adjustment may be made at once and this calamity averted."

Rev. Wm. Cumming.

Almost nothing has come to my attention in years that causes more disturbance of mind than the information that we are in danger of losing our President of K. W. C. Very largely through the influence of the general public I am in Winchester today. When what seemed a much larger opportunity came to me two years ago and I had decided to go, the reiteration that the community in general were so opposed to my leaving changed my decision.

So, while I fully recognize the right of the Board of Education to settle such matters without regard to my opinion, I do feel, as one representative of the general public, that I should make most respectful and earnest protest against their permitting President Taylor to leave unless there be differences of vital importance between them. It means much to me personally to have a good college in Winchester. I am proud of the personal honor conferred, of the prospect that my oldest boy shall have a degree from them this year and having four others coming on, feel that an A. B. or B. S. from K. W. C. is a big enough thing for them to hold as certifying a sufficient college training. It had always been in my mind to send them to a Presbyterian College that its degree might be their credentials but I consider now that the Kentucky Wesleyan College promises to have sufficient name and fame that they shall ever point with pride to their degree therefrom.

We have had three years of exceptional advance. Prospects for the future are of the finest. Prof. Taylor has made good. We cannot afford to lose him. We pray you, brethren of the Board of Education, adjust matters so that we may look forward to a future of signal prosperity and success.

WM. CUMMING,

Pastor First Presbyterian Church.

Judge W. M. Beckner.

Judge W. M. Beckner—"I regret exceedingly that President Taylor has resigned because he has proven himself a very efficient head of the college. I have known him for thirty years or more and appreciated his energy, fidelity, ability and zeal. He has had the confidence of this community in a high degree and was making himself felt more and more each year. The college has certainly sustained a great loss in his resignation and it will be difficult to find a successor who will be his equal."

Mr. B. F. Curtis.

B. F. Curtis—"President Taylor has done a great deal for the city as an educator and as a citizen and I hope that he will reconsider his resignation, and remain at the head of the college."

Mr. J. M. Hodgkin.

J. M. Hodgkin—"President Taylor is a great worker both as a Christian and an educator. The college has grown wonderfully under his administration."

JIM JEFFRIES, HIS SMILE AND HOW HE LOOKS IN TRAINING.

"Will you fight Johnson?" is the question hurled at ex-Champion Jeffries everywhere he goes. The big Californian only replies, "Wait until I see if I can get into condition." Jeffries' weight now is about 250 pounds, and he seems to be in perfect health. In his vaudeville act with Sam Berger he boxes several fast rounds every day and does other training stunts. His most ardent admirers believe he could get into shape for a championship battle with very little difficulty, and they expect him to do it. Jeffries' measurements now and when he won the title are as follows:

SITE PAID FOR BY GOVERNMENT

District Attorney Davidson Pays Over \$14,000 to Mr. M. T. McElowney.

Assistant District Attorney Geo. M. Davidson was here Saturday and closed the purchase of the Christian church and the Dr. Shirley property. When the deeds were acknowledged and lodged for record Mr. Davidson turned over a check for \$14,000. Unless an extension is given everything in the way of buildings on the grounds must be removed in 30 days.

The total amount appropriated by the Government is \$70,000, \$14,000 for site leaves \$54,000 for building. We expect to get an additional appropriation.

MUST PLAY SUNDAY BASEBALL OR GET OUT OF THE LEAGUE

Board Of Directors Give Winchester Until March 20 To Reconsider Recent Action—Mt. Sterling Or Nicholasville May Displace This City.

LEXINGTON, Ky., March 13.—Unless the management of the Winchester team decides before March 20, to reconsider their decision not to play Sunday baseball their franchise will be taken from them by the directors of the Blue Grass League and offered to Mt. Sterling or Nicholasville.

This was the decision reached at a meeting of the league directors which was held in this city yesterday when they directed President George I. Hammond to confer with the fans in these two towns to see if they would be willing to take up the Winchester franchise and play out the regular schedule should either of them be awarded the team.

Given Until March 20.

The above action was a result of the resolution recently adopted by the Winchester management not to play Sunday baseball. Before this the schedule for the season had been made out and ratified by every team in the league and adopted. It included games on Sunday for the Winchester club.

The league directors are of the opinion that if Winchester does not play Sunday baseball that the league teams will lose hundreds of dollars. The Clark county people were given until March 20, when another meeting will be held in this city to change their decision and if at this time, they have not done so, their franchise will be transferred.

Regular Schedule Will Stand.

Messrs. B. R. Jonett and J. Q. Stewart, who represent the Winchester club, expressed a willingness to call another meeting of the stockholders in their club. They will report to President Hammond as soon as possible. In any event the regular schedule will stand.

Mr. Frank Bell, assistant cashier of the First National Bank, was elected treasurer of the league. Those present at yesterday's meeting were M. C. Kellogg, of Richmond; B. R. Jonett and J. Q. Stewart, of Winchester; J. W. Bacon and J. E. Baldwin, of Paris; W. J. Kennedy, of Frankfort, and Thomas Sheets, of Lexington.

REAL NOBILITY

Mayor Hughes Celebrates Victory By Dining With His Mother.

The real sentiment in a man's heart crops out under trying circumstances and betokens nobility whenever it occurs. This was illustrated on the evening of the primary election when Mayor Hughes' friends were congratulating him on his triumph. Mr. Hughes' modesty is equalled only by his merit as a man. His big-heartedness for his fellowman and his love of home and duty come out, when one of his friends asked him how he was going to celebrate the evening.

Quickly the response came thusly, "I am awfully grateful to my good friends for their support and will try to deserve their confidence and esteem and have none but the kindest feelings for my opponents and their adherents, and am simply going up to take supper with my good old mother and rest in her presence like I used to do when a tired boy."

Now wasn't that the real man in this hour of victory. It recalls those lovable lines:

"That boy will do to depend on
For I hold that this is true
From lads in love with their brothers
Our bravest heroes grew."

Earth's proudest hearts have been loving hearts
Since time and earth began
And the boy who loves his mother,
Is every inch a man.—"S."

MAY HAVE TO SPANK ZELAYA

Uncle Sam breaks relations with Nicaragua—Gregory withdraws.

Washington, March 13.—Owing to the continued disturbed conditions in Nicaragua and President Zelaya's failure to make serious efforts looking to the settlement of the slavery claim, the state department, by withdrawing Mr. Gregory the American charge at Managua, and ordering the legation placed in the hands of the consul, who will have no diplomatic capacity, practically broke off diplomatic relations with that country.

Affairs in Central America have been closely watched by the American and Mexican governments, both of which have now come to an understanding that the time has arrived when drastic measures should be enforced to insure peace in the Central American republics.

Ambassador LaBarra of Mexico spent some time at the state department in conference with Assistant Secretary Wilson, and the determination was reached that if the American warships now in Nicaraguan waters and to be sent there are not sufficient to impress President Zelaya that the treaty of peace entered into between the Central American republics is not to be lived up to, no radical steps would be taken to accomplish that result. The impression was given that, if need be, intervention would be resorted to. The governments of the United States and Mexico, it was stated, are in full accord as to the policy to be pursued toward Nicaragua, and are now anticipating Zelaya's further moves.

So far as could be ascertained, no official information has been received here of a reported naval engagement between gunboats of Nicaragua and Salvador.

To Advertise Enough Is Not Always Possible--But Some Progress in That Direction May Be Made!

"Enough" advertising would give your business an immediate "jump"—give it an impulse forward which nothing could check.

If, therefore, you COULD advertise "enough," your prosperity-problem would be quickly solved.

What you CAN DO NOW is to reach out in the direction of adequacy in your advertising—"sacrifice" other things, in your desire to keep pace with the best and the biggest advertisers in your line.

If you make "other things" pay for the advertising up to the point of partial adequacy, after that the advertising will pay for the other things—for ALL of the other things.

TWO FRIENDS.

At times the average editor gets discouraged in his work. He labors all day to issue the best paper his own capacity and the capacity of his plant will allow and within an hour or so after the press stops running, his work is dead and he must begin again for the next day's labor. It seems an endless task with little good resulting.

Your readers seldom think to say a kindly word. You must rest satisfied because you have heard no "kicks." For if anything is wrong, you immediately hear from the man affected.

We appreciated, therefore, the little squib in Mr. W. J. Lampton's letter published in Thursday's News in which he said, "The News is a blamed sight better paper than I thought Winchester was equal to." Mr. Lampton is an old newspaper man and a word from him is worth something.

And in the mails yesterday we received the following letter from Prof. Anderson of Kentucky Wesleyan College which puts new heart into our labors:

Winchester News, Winchester, Kentucky:

Dear Sirs:—Perhaps I should say to you that I appreciate your efforts to give to Winchester a daily paper. I judge from statements in The News that you have been having your full share of difficulties, but I cannot but admire your vigor in meeting them, and your faith in building for the future of our growing city.

Most heartily do I commend you for your vigorous approval of all that makes for civic betterment. A clean, honest, fearless publication, such as I believe you are trying to give to Winchester will be of inestimable value to the city.

I endorse check for \$5.20 to be credited on subscription.

Very respectfully,
W. S. ANDERSON.

THE RECALL.

Los Angeles was the first American city to adopt the recall. One of the city's boodling Aldermen has since been turned out. On the carpet lately has been Arthur C. Harper, the Mayor. Los Angeles did not like some of his appointments and some of his official connections and acts and a petition was presented which compelled him to face another election to hold his office. In consequence of which he handed in his resignation.

This compels the public official to mind his steps. There is of course, the other side to the question. The

unfavorable one is that it may be used to diminish courage in a conscientious official. A man is put in office for a certain length of time, with responsibility not to please the majority all the time, but to do right and be wise, as shall be decided by the people with their better second thought.

The Constitution of the United States was made on the assumption that not every immediate impression of the majority ought to be put into practice. The recall is built on the opposite theory. Probably it would work well in some places and badly in others, like more than one device of government.

THE STANDARD OIL CASE.

The collapse of the Government's case against the Standard Oil for accepting rebates, which was on trial before Judge Anderson, will cause general disappointment. When the most powerful and unpopular trust in the country was convicted in Judge Landis's court the public was led to believe that at last justice had overtaken a corporation notorious for its illicit business methods and political influence. The setting aside of the \$29,000,000 fine by the United States Circuit Court of Appeals was a grave setback. As it proved now, by the outcome of the second trial, the Government's case was defective.

What course the Government will pursue with the indictments still pending is not announced. If the Administration believes that it can prosecute them with success, no doubt it will press them. But there is no denying that the moral effect of the attack on the Standard Oil has suffered by its successive failures.

In spite of this disastrous defeat, the fight against rebating will prevail. The large number of offenders convicted among shippers and railroads remains a warning that no interest is safe if it ventures to make light of the law.

CLAY CITY.

Mrs. R. A. Irvin left this week to visit her son, Rev. Logan Irvin at Americus, Ga.

Mr. Lemon Henry, of Mt. Sterling, was in the city Saturday.

Mrs. W. U. Bush has been ill for the past two weeks but is much better now.

Mr. and Mrs. Morgan McKinney spent Wednesday and Thursday in Winchester.

Mrs. Fitch, of Lexington, returned to her home after a pleasant visit to relatives in this city.

Miss Nora Rich has entered Stanton College for the rest of the term.

Mr. Wm. Morintz left for Cincinnati this week, and will accept a position.

Mrs. Josephine Hazelrigg who fell and broke her leg and arm, is improving.

The guests at the Red River Hotel the past week were Messrs. Joe Watkins, John Westcott, George Brown of Lexington; McCort, of Knoxville, Tenn.; Noah Rose, Rodger Bryan, of Winchester; Beart Daniel, of Mt. Sterling; Thomas Wilson, of Campion, Frank Pregoff, of Tomsville, C. B. Bailey, of Stanton.

Mr. John Henry is very low with typhoid fever.

Miss Leona Garrett was in the city Friday.

Mr. Harry Shatlock visited his family at the Red River Hotel the first of the week.

Why She Was Changed.

JEFFRIES IS DISGUSTED

Thinks \$50,000 Beggary Sum to Offer For Fight With Negro.

New York, March 13.—"Why only \$50,000?" asked James J. Jeffries scornfully when told of Hugh McIntosh's proposal to give a \$50,000 purse for a Jeffries-Johnson battle. Jeffries also took exception to the Australian promoter's suggestion that the fight take place in England.

"This offer of a \$50,000 purse doesn't look very attractive," he said. "How about the \$200,000 offer? Why, a syndicate in Seattle, backed by responsible men, had made a bona fide offer of a purse of \$150,000 for a contest at the Seattle exposition. But it isn't a matter of money with me. All the money in the world wouldn't drag me into the ring if I thought I was going to be licked. If I got into shape and thought I could beat Johnson I'd fight him for nothing."

SENATE PROVIDES TAX COMMISSION

Legislature Ignores Harmon's Appeal For More Revenues.

Columbus, O., March 13.—Just before final adjournment Friday of the extra session of the general assembly, Governor Harmon sent a message to the solons in which he called attention to the fact that proposed expenditures for the next year for state purposes exceeded estimated receipts by about \$1,000,000. The governor added: "I have heretofore, both in the inaugural address and by message, recommended measures which I believe would bring the revenues up to the demands on them. One of these measures was to secure more just and effective enforcement of the present laws for the taxation of corporations on their gross receipts and otherwise. Bills have been introduced accordingly, but thus far they have not been made laws. I can not, in justice to the people of the state, let you adjourn leaving matters as they are for another year, without once more urging on you the importance of action to prevent further drafts on the public savings."

Senator Cleveland of Clinton county introduced a resolution authorizing the appointment by the lieutenant governor of a senatorial committee of three to investigate the subject of taxation and report to the next general assembly. The resolution was adopted, the minority voting solidly against it. Lieutenant Governor Treadway appointed Senators Cleveland and Patterson (Reps.) and Senator Alsford (Dem.) to the committee.

Former Senator Forsaker, on invitation, made two brief addresses to the members of the legislature, one in the house and the other in the senate. He congratulated the assembly upon the work it accomplished during the session.

In the house the speaker appointed Black of Ashland, Democrat, and Le Blond of Cincinnati, Republican, on the commission to study the canal question and report to the next house. After cleaning up the odds and ends of legislation the special session adjourned sine die.

GANS DEFEATS WHITE

Bout With English Champion's Slow and Tame Affair.

New York, March 13.—Joe Gans, former lightweight champion of the world, easily defeated Jabez White, the English lightweight champion, in a ten-round bout at the National Athletic club. It was a tame exhibition and the crowd was disappointed, as the men were slow and lacked force behind many of their blows.

White was knocked down once in the sixth, twice in the seventh, when the bell saved him by one second, and once in the eighth.

Gans was far from being the Gans of even two years ago. He missed several blows, misjudged distance and failed to take advantage of many opportunities that presented themselves.

WATER SUPPLIES MENACED

Government May Deny Cities Right to Pump From Ohio River.

Pittsburg, March 13.—That the taking of municipal water supplies from the Ohio river may affect the stage of the water so as to impede navigation, especially in the low water periods, is apparently the view of the United States engineers. Major Henry C. Newcomer of the United States engineers has begun the securing of data showing the amount of water taken from the river at various points through municipal water plants.

Should it be proven by the statistics that the use of the river is interrupted by the pumping of water to supply cities, a serious question as to the right to use water from the Ohio river and the method of supplying water for the use of persons in cities would arise.

TRAINS HEAVY GUNS ON THE PROSECUTION

Judge Anderson Argues In Defense of Colonel Cooper.

Nashville, Tenn., March 13.—The 16-inch gun of the defense's batteries was trained upon the state with telling effect when Judge Anderson began his argument in the trial of Colonel D. B. and Robin J. Cooper and John Sharp for the murder of Former Senator E. W. Carmack.

Judge Anderson, who is considered the ablest criminal lawyer in the state, is chief counsel for the defense. Anderson is not a dramatic orator. He adopts no theatrical devices. He does not speak in metaphors nor indulge in sentimental appeals. Only once did he refer to Colonel Cooper as "the old soldier" and not once did he appeal to the sympathies of the jurors. He boldly disclaimed any idea of pleading that any editorial or speech could justify the slaying of Carmack, and declared that his clients' case rested solidly and alone upon the first law implanted in human beings—the law of self-preservation.

"The law gave them this right," he declared, "whether Colonel Cooper had threatened Carmack's life or not. And even if Robin Cooper had gone over there and struck Senator Carmack in the face with his open hand he would have had a legal and moral right to have killed him if the senator had attempted to draw a revolver."

Judge Anderson declared that this was the law, that he quoted it merely to show how strongly the courts protect the right of self-defense and to make manifest Robin Cooper's reluctance to shoot until he himself had been shot.

REFUSE WAGE CUT

High Priced Engineers Quit National Tube Company.

Pittsburg, March 13.—Rather than accept reductions in salary varying from \$500 to \$1500 a year, between 15 and 20 expert engineers and men high in the mechanical departments, including the chief engineer of the National Tube company at McKeesport, Pa., are said to have resigned their positions, and others are expected to do likewise in a short time.

PROF. H. K. TAYLOR

RESIGNED

(Continued from Page 1.)

istration and I think that his resignation would mean an irreparable loss to that institution and I hope that he will reconsider it."

Mr. J. W. Poynter.

J. W. Poynter—"I had not heard of President Taylor's resignation until this morning and I regret it very much. I think he has made one of the best Presidents the college has ever had and I hope he will reconsider his resignation."

Mr. J. G. Johns.

J. C. Johns—"I am very sorry to hear of President Taylor's resignation. His administration at the college has been more than satisfactory and I sincerely hope that he will reconsider the matter."

Judge J. H. Evans.

Judge J. H. Evans—"The college is in fine condition and I think it would be unfortunate to make a change in the presidency."

County Clerk Boone.

County Clerk J. A. Boone—"I heard of President Taylor's resignation Friday night with great regret. I think as a Christian gentleman he is one of our very best and as an educator he is one of the best in the State. He has taken more interest in the work of the college and has done more for it than any of his predecessors. The college now under his administration is in a most flourishing condition financially as well as from the standpoint of attendance, and I think that his resignation would cause a vacancy that could not be easily filled."

B. R. Jouett—"The Board of Education has made the crowning mistake of its existence if it permit Prof. Taylor to resign. This community and all who have the welfare of the college at heart will be the losers if his resignation is accepted. I hope something can be done to get him to reconsider."

Mr. R. R. Perry.

R. R. Perry—"I am loth to express an opinion without knowing the facts. I have great confidence in the Board that controls the college, also in Prof. Taylor. I have been impressed with Mr. Taylor's practical ideas and his force of character."

"I will regret if we should lose him as a citizen."

Mr. Vic Bloomfield.

Vic Bloomfield—"From my observation, Prof. Taylor has been the most energetic President the college has ever had. As head of the institution, he has given eminent satisfaction and brought results that none of his predecessors have. I, like every one else with whom I have talked, regarding President Taylor's resignation, regret it very much and hope that he will see his way clear to reconsider it."

Mr. M. T. McDowney.

M. T. McDowney—"I regret very much to hear of President Taylor's resignation. I think the college has never had a more energetic President than he has been. I think his resignation means a great loss to Winchester and Clark county."

Railway Company Incorporates.

Frankfort, Ky., March 13.—The Cumberland & Northern Railway company, with \$100,000 capital stock, filed articles of incorporation with the secretary of state. The road is proposed to run from Artemus, Knox county, through the counties of Clay, Owsley and Lee to Beattyville, a distance of 75 miles.

Denies Report.

Miss Eleanor Robson, actress, denied Thursday night the report that she was engaged to wed August Belmont. Through her managers she issued the following statement:

"Messrs. Liebler & Co. announce on behalf of Miss Eleanor Robson that the published report to the effect that Miss Robson is engaged to be married to August Belmont has not the slightest foundation in fact, and is untrue."

Mr. William Robb entertained Friday night Messrs. A. Guadinger, Jack Limhan, Geo. Dickey and Sidney Sprake, of Cynthiana, and R. R. Perry, of this city.

Mrs. Robb is in Florida, and the charming daughter, Miss Catherine, acted as hostess. To say that the guests enjoyed themselves would be superfluous.

Gossett-Hicks.

The Cynthiana Democrat gives the following account of a wedding of much interest here. The bride has frequently visited Miss Mary Renaker, and is very popular with a host of Winchester friends.

"Mr. J. Preston Hicks and Miss Annie S. Gossett, both of Harrison county, were married at the residence of Rev. J. R. Savage, in Covington, Wednesday night.

"The bride is a daughter of Mr. Reuben Gossett, and sister of Mr. Edward Gossett of the Harrison Deposit Bank. She is a young woman of personal charm, fascinating and lovely, bright and vivacious. Mr. Hicks is a son of Mrs. Susan Hicks, of this county. He is energetic and prosperous farmer and a good business man. Their friend most heartily congratulate them."

Mrs. Reine Middleton has accepted a position with the millinery

firm of Poynter and Lancaster, corner of Main and Fairfax streets, and will appreciate the patronage of her friends.

Mrs. Middleton is a very charming and popular lady, and is especially competent in the business she has selected.

PERSONALS.

Mrs. J. L. Keyes and daughter are visiting relatives in Paris.

Mrs. Carrie Mills will leave soon for Florida. She will join Mr. and Mrs. R. McKee Scobee, and the trio will visit all places of interest on the East coast.

Mr. and Mrs. Sam Ashbrook, who have been members of Mrs. Carrie Buckner's household, have moved to the home of Mr. and Mrs. J. Rhodes Viley, on College street.

Mr. and Mrs. John Bean, who have been housekeeping on Hickman street, will move Monday to the home of Mrs. Carrie Buckner.

Mr. and Mrs. Vic Bloomfield have just returned from a visit of several days to Mr. and Mrs. Hays, of Louisville.

Miss Lulu Stivers, of Paris, is the guest of Mrs. J. M. Woods.

The friends of Mrs. J. W. Patton will be pleased to know she is recovering.

Little Buster Denney has returned to the country, after spending a month with his grandparents, Mr. and Mrs. Geo. Wells.

Mrs. A. M. Burgher and son, Shelby, have returned to their home in Clay City, after a delightful visit to her sister, Mrs. Mary Rose, on Boone avenue.

Miss Sarah Peak, of Louisville, is the guest of Miss Allan Crutcher.

Miss Nancy Hodgkin is the guest of friends in Lexington.

Miss Martha Rye will spend Sunday in Lexington.

Miss Hattie Mae Taylor and "Sonny" Moore spent Thursday night in Frankfort.

DIRECTORY.

Kentucky.

According to the last census Kentucky has a population of 2,147,174. The area is 40,400 square miles; 400 of which is water. The streams within the State, as a rule head in the Southeast and flow in a Northwesterly direction; this fact retarded the construction of railroads and the development of our resources to many years.

The early railroads were built from the East and went over the more level territories North of the Ohio River and South of the Cumberland Mountains. In those days there was only a limited demand for coal and lumber. Now that the demand has increased, it would seem that kind providence has held in reserve our almost inexhaustible utilities until a time when they are most needed by the country. Our supply of timber is limited, but there is enough to last for many years to come.

We have a coal area of over fifteen thousand square miles. Other minerals await development. Natural gas and oil, in paying quantities are being developed in many localities.

There are no more bad people in Kentucky than in other States in proportion to population. Good people regardless of politics or religion, are always welcome.

Clark County.

Land acres, 158,176. Value of real and personal property including franchises, \$12,043,370.

Tax rate for all county purposes, 50 cents, on the hundred dollars.

The foothills of the mountains are on the Eastern border of the county, the Kentucky River on the South, forms the county line for a distance of twenty-five miles. Ford on the river, South of Winchester, has extensive lumber mills.

Three railroads go entirely across the county—Chesapeake & Ohio, Louisville & Nashville and Lexington & Eastern.

Blue Grass is a natural product. Uncultivated land will set itself in blue grass. Crops of timothy and clover can be raised with profit. Corn, wheat, rye and oats are the grain crops. Tobacco is raised in large quantities.

All fruits that are adapted to the climate can be raised with profit.

The census of 1900 gave the population at 16,094.

Winchester.

County seat, area, a circle one and a half miles in diameter. Population census 1900, 5,964. The city has overlapped the corporate limits and now has a population of near ten thousand. It is located on the dividing ridge between the Kentucky and Lick Rivers, has water works, electric street cars and lights. Unlimited natural gas. Splendid Graded Schools and numerous churches. The Kentucky Wesleyan College is located at Winchester. The fire department is one of the best in the State.

The assessed valuation of all property, including franchises, \$4,692,499. The tax rate on the hundred dollars is sixty cents for city and fifty cents for schools.

The C. & O., L. & N., and L. & E. railroads center at Winchester the geographical location and shipping facilities make the city a desirable location for factories. New concerns are given five years exemption from taxation. The Commercial Club will take pleasure in giving information.

At Dinner.

While two little boys were walking through a wood they heard some bees buzzing in a hollow tree. One boy held his head close to a hole to listen. Presently he jumped quickly away, crying to the other: "Johnny, those bees must be havin' their dinner, 'cause one stuck his fork in my ear."

Rather Severe Denunciation.

There is a story of Carlyle in his old age having taken the following farewell, in his broadest Scotch, of a young friend who had had him in charge for weeks, and who, while almost always adapting himself to Carlyle's mood, had on a single occasion ventured to disagree with him: "I would have you to know, young man, that you have the capacity of being the greatest bore in Christendom."

Mercy in Firmness.

The greatest firmness is the greatest mercy.—Longfellow.

The Door is Unbolted.

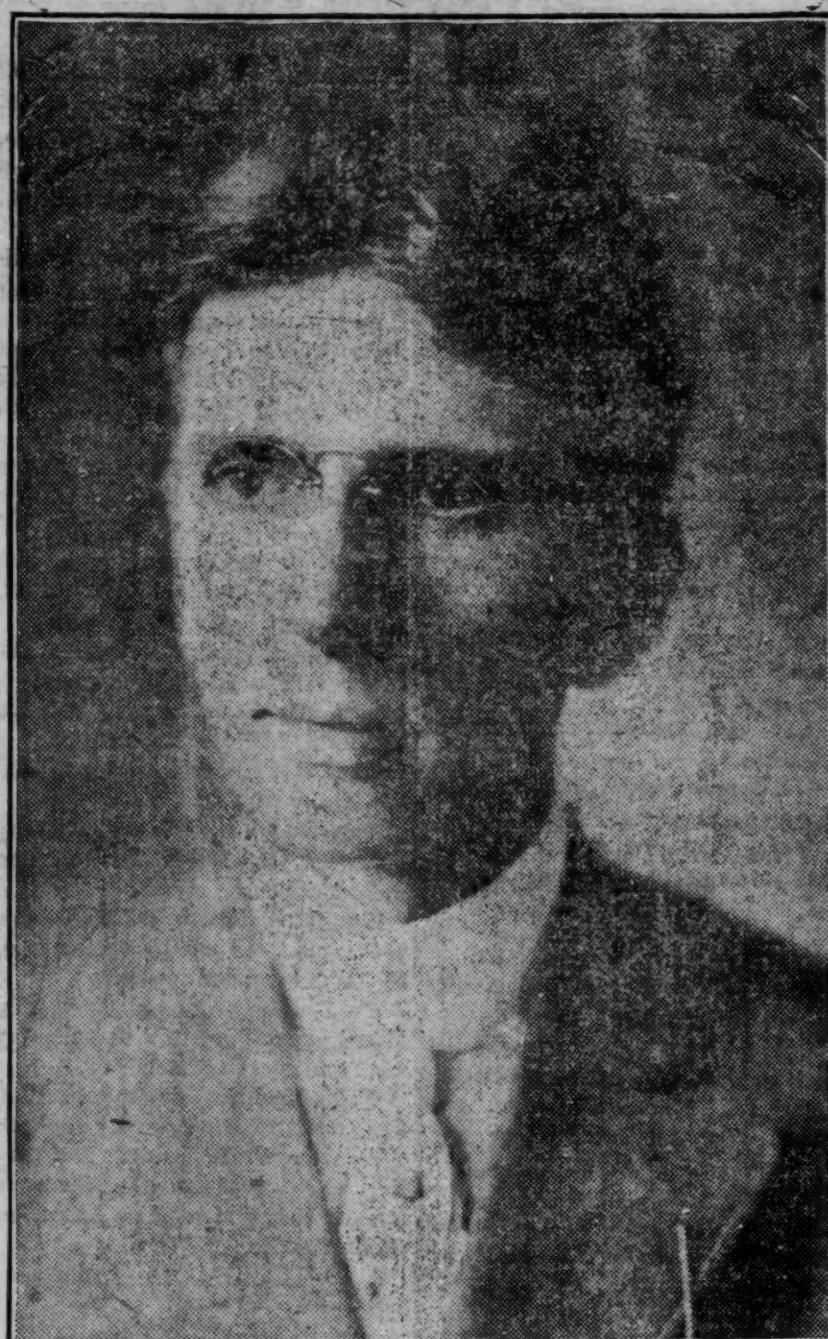

You are always welcome to come here and examine our extensive line of doors, sashes, wainscoting and other high grade mill work. It is work of which we are proud. THE STAGE

SCENE FROM "STRONGHEART," THE GREAT COLLEGE PLAY.
At Opera House, Thursday, March 18.

"Strongheart."

There is all the excitement of a regular football game in "Strongheart," and one gets every bit of the enthusiasm over the encounter which takes place in the second act of the play, feeling almost as if in the Stadium and watching the athletes as they go up and down the gridiron

batting for the ball. It is perhaps one of the most thrilling moments of the entire play, everywhere has been conceded the climax of college realism as shown on the stage. Everywhere audiences go wild in enthusiasm over this scene, and there is little question of the reception which "Strongheart" will receive here

in what is said to be the best vehicle on the stage. The play, although serious in theme, is set in a background of college life. Columbia University, New York, which has given the author ample opportunity for good, clean, genuine comedy, of which "Strongheart" is said to be full of. Although

college life has been skeptically touched upon in several other plays, the second act of "Strongheart" is the real thing in football. "Strongheart" comes to the Winchester opera house on Thursday, March 18.

VALUABLE POSTAL INFORMATION.

J. S. McKinley, of Orient, Ohio, president of the Ohio State League of Postmasters, has prepared and issued the following information with regard to the postal service and how the people may help:

When you address your letters or cards with a lead pencil see that the address is plainly written. Most letters lost are improperly addressed; you had better use a pen and ink.

When you address a letter see that you spell the name of the town correctly. Many postoffices have similar names. Don't write Cin. for Cincinnati, or Col. for Columbus.

When you address a letter or card leave room for the stamp and postmark in the upper right hand corner. Postmarks often blur your address.

Do not put writing in newspapers or packages; if you do the matter becomes first-class mail and you must pay letter postage—two cents an ounce, or you are liable to a fine of \$10.

Written or typewritten letters placed

in unsealed envelopes are subject to the same rate of postage as when sealed—two cents an ounce.

Post cards in transparent envelopes will go at the rate of one cent if unsealed, provided there is nothing more than the address of the one to receive it and the name of the sender. Stamp must be placed on envelope and not on card when enclosed in transparent envelope.

Post cards containing writing and enclosed in transparent envelope, whether sealed or unsealed, must bear a two-cent stamp and the stamp must be placed on the envelope instead of the card.

Send money by postoffice money order, for if it is sent in this manner, if lost in the mails the Post Office Department will issue you another order.

Send valuable papers or merchandise by first-class registered mail, for the Post Office Department will make good any loss in the mail not exceeding \$25.

Patrons of postoffice can get better service by renting a box. If you have a box the postmaster's work is lightened, and your mail is not handled or looked over like it is in the general

delivery. The Post Office Department makes great conveniences for you, so do not hesitate to help in return.

When you mail a letter or package see that it is substantially done up. The rapid handling of the mails sometimes destroys a poor envelope or covering of a package, and your mail is thus lost.

You should put your name and postoffice on the package, and if not delivered it will be returned to you, but you will have to repay the postage (unless it is first-class.)

When you move to another postoffice notify the postmaster, from our former postoffice to forward your mail and notify the publishers of your papers that you have changed your postoffice.

Letters from the pension agency can be delivered only to the person to whom addressed or to some member of his or her family especially authorized to receive the mail.

If you have friends visiting you, have their mail sent in your care.

Use an ordinary size envelope and have on it your return card; if it is not delivered it will be returned to

you, and not go to the Dead Letter Office, as thousands of letters do.

If you receive a letter by mistake and it is not yours, don't open it, but return it promptly; and if you do open write on envelope "opened by mistake," and sign your name.

IT is high time that the business men of this vicinity were finding out that we are the **Only Modern Printers, with "Down to Date" Outfit in the City of Winchester.** It is time they were awaking to this fact. OPERATORS ARE FIRM IN STAND

Persist In Refusal to Treat With Lewis.

MINERS WILL MEET TODAY

Will Call Convention of Three Anthracite Districts to Consider Proposition of Mine Owners to Renew Present Agreement For Period of Three Years—Workers Will Insist on Recognition of United Mine Workers of America.

Philadelphia, March 13.—The conference between the subcommittee of the anthracite mine workers and operators to arrange a new agreement to go into effect at the expiration of the present working arrangement came to an end without result. While the prospects are not as bright as they were for a peaceful settlement, there is still hope that radical action by either side will be avoided.

The executive boards will today issue a call for a convention of the miners of the three anthracite districts to be held in one of the mining towns, for the purpose of considering plans for further action, and then will follow another conference with the operators before March 31. The counter proposition of the mining companies to renew the present agreement for another term of three years will be placed before the convention by the executive boards of the workmen. National President Lewis of the union said that the suggestion for another conference came from the operators.

After the conference the following statement was given out: "The joint meeting of the mine workers' committee came to an end without an agreement being reached. Mr. Lewis made another clear statement of the mine workers' position. He reviewed the various demands, giving special emphasis to the question of recognition. He maintained that he and his committee represented the organized mine workers, and that if not recognized as representative of the organization they had no standing and could venture to sign no contract which would bind anybody. He said that the committee was speaking strictly in the interest of the anthracite districts and were not attempting to subordinate the anthracite to the bituminous interests.

"The operators repeated their intention to deal with the committee as representatives of the anthracite mine workers and not as officers of the union. They renewed their offer to continue the present agreement for a term of three years, and this was their final proposition. Mr. Lewis requested that it be put in writing, and the operators answered that it could be considered as an exact duplicate of the one made in 1906. They called attention to the number of the page of the minutes of the meetings in 1906 upon which the proposition appeared.

"It was understood that another conference would be held after Mr. Lewis and his committee presented the operators' proposition to a convention of mine workers."

The miners' leader before the convention stated positively that the miners' representatives would not sign an agreement unless it was explicitly provided in it for recognition of the United Mine Workers of America.

There is a possibility of the men continuing at work without an agreement and striking at the various coaleries as grievances come up, if they are not adjusted by the superintendents of these mines. This, it is pointed out, would be a return to the chaotic conditions that prevailed prior to the strike of 1902, when there were strikes every day in all sections of the anthracite regions, making the amount of coal production from day to day uncertain.

NIGHT RIDER RETURNS

Herschel Hogg Tires of Hiding at Home on Reelfoot Lake.

Union City, Tenn., March 13.—Herschel Hogg, a confessed member of the band of night riders who killed Captain Quentin Rankin at Walnut Log and who escaped from jail at Dresden, has returned and voluntarily surrendered to the jailer. Hogg was one of the star witnesses for the state in the recent night rider trials and his value as a witness in the coming trials is of the utmost importance. Since his escape he had been in hiding at his home on Reelfoot lake.

SMITH CINCHES VICTORY

New York Bowler Easily Defeats Cleveland Rival.

Cleveland, O., March 13.—One of the greatest individual bowling contests ever held was concluded here when Jimmie Smith, champion bowler of New York, was declared the winner over Louis Franz, champion of Cleveland. In a series of 30 games the final score was: Smith 6,366, Franz 5,799, giving Smith a victory of 567 pins and a grand average of 212 1-5 pins a game. Franz's grand average per game was 193 3-10.

BOTH FACTIONS CLAIM VICTORY

"Insurgents" and Democrats Form Alliance.

COMPROMISE IS REJECTED

Senator Cummins Fails in Effort to Heal Breach in Republican Congressional Ranks—Bolters Promise 30 Votes to Minority on Any Proposition They May Name—Will Not Oppose Re-election of Speaker Cannon at Tonight's Caucus.

Washington, March 13.—Three important developments occurred in the insurrection against the adoption in the house of the rules of the Sixtieth congress to govern the incoming congress. A compromise, fathered by Senator Cummins of Iowa and presented to the regulars by President Taft, failed to unite the Republican members.

What is pronounced as a satisfactory working agreement was entered into by the Republican "insurgents" and the Democrats. The name of Theodore Roosevelt was introduced as an "insurgent" sympathizer.

The compromise was one the "insurgents" have had under consideration ever since the report became current that President Taft desired a postponement of the fight on the rules lest it might delay the passage of a tariff bill. It provided for the re-election of Speaker Cannon and the adoption of the rules of the Sixtieth congress for the special session. After the organization of the house on Monday

day it was provided that a resolution should be passed authorizing a committee to investigate the rules and report on proposed changes at the regular session in December. It was proposed that the "insurgents" should be allowed to name four of their number for the committee, the Democrats six and the regulars five. The latter five were to be represented by Mann of Illinois, Currier of New Hampshire, Kiefer of Ohio, Smith of Iowa and Stevens of Minnesota.

For the regulars, former Representative Watson of Indiana replied that the compromise was acceptable. If amended so as to allow the speaker to appoint the committee, due regard being given to the "insurgents" in its composition. The leaders of the "insurgents" subsequently declared they would accept no such suggestion. It is believed President Taft will exert his influence to bring the two branches of the party together, however.

For more than two hours the steering committee of the "insurgents" were in conference with a committee representing the Democrats. Representatives Gardner, Madison, Nelson, Hubbard and Hinshaw were present for the "insurgents" and Minority Leader Clark and Representative Underwood of Alabama for the Democrats.

The "insurgents." It is said, convinced the Democrats that they could deliver 30 votes for any proposition they desired to propose on Monday. The Democrats promised to furnish 170 votes against the previous question motion on the adoption of the old rules. This is the full Democratic strength less two, there being one vacancy on account of death and one member being seriously ill. As 195 will be a majority, the allied forces claimed the victory.

The regulars claim to have the promise of several Democrats not to vote with their party for the various amendments and deny that the "insurgent" forces will number 30.

"I have never yet, as 'whip,' fallen down on a poll of the house," declared former Representative Watson. "The organization will win in a walk."

Both Democrats and the "insurgents" say that no serious attempt will be made to defeat Mr. Cannon for speaker. The "insurgents" will be left to follow their personal inclinations along this line.

At the Republican caucus tonight it is planned to bind the party to vote for Mr. Cannon and for the adoption of the rules. Several of the "insurgents" will not attend. At the Dem-

Captain Edward F. Qualtrough of the United States battleship Georgia, who was tried by court martial at Gibraltar on a charge of intoxication preferred by Rear Admiral Wainwright, has been in the navy thirty-eight years and for twenty years has been considered one of the most efficient officers in the service. He is a native of Rochester, N. Y. The specific charge made against him was that he was under the influence of liquor while attending a reception at Tangier. Captain Qualtrough entered a general denial. The court was composed of Rear Admiral Schroeder, Rear Admiral Potter, Captain Kosuth Niles of the Louisiana, Captain John Hubbard of the Minnesota, Captain Joseph B. Murdock of the Rhode Island, Captain Hugo Osterhaus of the Connecticut and Captain Charles E. Vreeland of the Kansas. Major Dion Williams acted as judge advocate.

WILL FIGHT COFFEE TAX

Democrats May Urge Inheritance Tax to Embarrass Opposition.

Washington, March 13.—The Democrats in the house will oppose the establishment of a duty on coffee and the provision of the new tariff bill for the re-establishment of the stamp tax on checks, bonds and stocks.

If the Republicans do not provide for an inheritance tax in the new bill the Democrats declare they will fight to have an amendment made to the bill which would assess a tax on legacies and, it is said, would in this way embarrass the Republicans on account of the recommendations of Presidents Roosevelt and Taft.

BOSTON UNION MEN PARADE TOMORROW

Forty Thousand Will Protest Against Jailing Gompers.

Boston, March 13.—The greatest labor demonstration in the history of Boston will take place tomorrow. Forty thousand men, members of the unions of this city, will march in parade and attend mass meetings as a protest against the sentencing of President Gompers, Vice President Mitchell and Secretary Morrison of the American Federation of Labor for contempt of court.

The announced purpose of the demonstration is "to voice the protest of the workingmen of Boston and vicinity against the abuse of the injunction process by the judiciary, the encroachments by the courts on the constitutional rights of free speech, free press, trial by jury and other rights guaranteed by the constitution and to take further steps to secure legislation to define and limit the powers of judges in injunction cases."

Members of more than 300 Boston unions have declared their purpose of marching in the parade. The procession will be followed by big meetings in the afternoon in historic Faneuil hall and elsewhere.

Miners Want Pensions.

Massillon, O., March 13.—Francis Savage of Justus, executive board member of subdistrict No. 3, district No. 6, United Mine Workers of America, started the convention here by urging that a demand be made on the operators for a pension fund for the benefit of aged men who spend their lives in the mines in the employ of one company.

MT. STERLING WINS

\$2,165 DAMAGE SUIT.

Court of Appeals Affirms Judgment of the Circuit Judge of Montgomery.

MT. STERLING, Ky., March 13.—

In the suit of Mr. James C. Elam, against the city of Mt. Sterling of \$2,165 damages, the city is the victor. Mr. Elam's horse ran away, scaring at some stone which the city put on the sides of the Lee pike, and he was seriously injured. After his recovery he sued the city alleging the amount of damages named above for personal injuries and claiming the city responsible for the accident. The city claimed the right to put the stone on the road and also that a horse which would scare at them was unsafe at any time. The Circuit Court here gave peremptory instruction for the city. Elam appealed the case and this week the Appellate Court at Frankfort affirmed the judgment of the lower court here and Elam loses out.

Good Prices For Land.

Dr. J. A. Vansant has sold to T. J. Thomas and M. O'Connell 35 acres of land adjoining their property on the Winchester pike, for \$200 per acre, and then purchased from Mrs. Dawson Thurston, of Minneapolis, Minn., about 130 acres of land fronting on the Owensville pike, and being part of the old fair grounds property. The price paid was about \$93 per acre. Possession of both tracts to be given at once.

How Lapp Collects Reindeer.

In April, the Lapp lets his reindeer loose to wander as they please, and when the mosquitoes begin to abound (about midsummer) collects his herd simply by catching one deer, fitting it with a bell and trusting to instinct (which leads the animals to gather into herds for protection against the mosquitoes) to do the rest. In a cool summer, when mosquitoes are few, this instinct does not come into play, and it is almost impossible to bring the reindeer together.

Well Put.

At one time there were two members of the British house of commons named Montague Matthew and Matthew Montague; the former a tall, handsome man, and the latter a little man. During a session of parliament the speaker, having addressed the latter as the former, Montague Matthew observed that it was strange he should make such a mistake, as there was as great a difference between them as between a horse chestnut and a chestnut horse.

WINCHESTER ROLLER MILLS.

The oldest and best institution in the county is the Winchester Roller Mills. Why not use home flour—the best made. Kerr perfection and White Pearl flour has no equal.

Injurious Only to Pedestrian. The white car tore very smoothly along the straight road between the fields. "And they say"—her red lips curled in a disdainful smile—"they say that the far of automobilism is injurious to the nerves!" "Pooh," he sneered, "it is only foot passengers who say that!" And he steered with splendid skill straight at a fat old man with a sack of grain on his back.

He Wanted Some.

The banquet table was spread and the guests about to be summoned. "Are you sure that there are no reporters present?" anxiously asked the host of the butler. "I've made certain of it, sir." "Then hustle out and get a few," rejoined the host.

District of Columbia.

The District of Columbia comprises an area of 69,245 square miles. The government consists of two civilian commissioners appointed by the president and confirmed by the senate, and one army engineer officer, detailed by the secretary of war, the three constituting the board of commissioners for three years.

Patience Unconquerable.

He that has patience may compass anything.—Rabelais.
